Regular Meeting Board of Trade

The regular meeting of the Bassano Board of Trade was held in the New Royal Cafeteria on Wednesday afternoon, Feb. 8th, 1938, with fifteen members present. President James Stape presided and the meeting was opened.

Following the luncheon, the business part of the meeting was brought to order. The minutes of the last regular meeting were read and declared adopted. The election of officers was continued from the last meeting. Those elected at this time were:

Hon.-President—W. S. Playfair
Auditor—Jas. R. Donaldson
Public Affairs Committee—H. T. Riley, F. A. Mead, H. B. Beeston
Entertainment Committee—Dr. F. K. Keith, James Johnston, W. J. Redmond.

The local Auto Camp became the topic of considerable discussion when it was decided that the possession of the Board had been too great a liability to it during the past year. Several improvements were suggested whereby the present site may be improved, while other suggestions were made as to a more suitable location. A motion was carried that this matter be left in the hands of the Auto Camp Committee their report to be given to the Board at a later date.

The Mr. McLeans gave a brief outline of the new year's program which will be arranged in the Courses of Studies of the Alberta High Schools, particularly in Grade X. The Public Affairs Committee were instructed to deal with the matter and advise the Board of further developments. Details of the Grade X Curriculum may be found in the column of this issue of the Recorder.

The meeting adjourned at approximately 2:15 p.m.

OPHEUM THEATRE NEWS

ROMANCE IN PARIS, the feature attraction coming to the screen of the Opheum Theatre this weekend, is the story of ex-King Alfred, a Graumanian monarch, who, after a period of 10 years in the sun (the sun continues), and his love for a Brooklyn girl (Lionel Blaustein), a dancer in the Pabst Bergers. The heroine is a high minded girl in spite of her light skin, determined to be taken seriously. She is the only one that is the only passenger on a large ocean liner that the monarch has chartered for her. She recognizes that this is true love and the two are joyfully married at the play's end.

The two principles are lively and likable and the story is funny. Edward Everett Horton is present as a Chancellor, skipping from one crisis to another. Romance in Paris is written by Grauman Marx, and the young stars that are most likely expect considering the author.

Liberty gives the photoplay 3 stars while Jimmy Fiddler rates it worth three bells.

Combined with a good comedy and News of the Day, this is a good evening entertainment.

Plans Made For Mixed Bonspiel

Information handed in to this office indicates that the first Mixed Bonspiel is to be held in Bassano in the near future, providing present plans are further developed. All persons wishing to enter into the "spiel" men or women, are requested to hand their names to the Bassano Social Club. As far as possible, when the number of rinks wishing to take part is determined, the date for the opening games will be announced. It is understood that local merchants are donating prizes for the various events.

BIRTHS

At the Bassano Hospital

To Mr. and Mrs. Theo. Pickett, Bassano, a son on February 4th, 1938.

To Mr. and Mrs. Frank King, Bassano, a daughter on Feb. 7th, 1938.

To Mr. and Mrs. Leslie Long, McJorville, a daughter, on February 8th, 1938.

Mr. and Mrs. Ralph Booth, Tilley, a daughter, on February 10th, 1938.

Countess Notes

Mrs. Swanson, Mrs. McIntosh and Penny returned on Monday from Calgary, where they have been visiting for several days.

Most of the "Countess" Committee turned out on Friday evening to charter Mr. and Mrs. Albert Cador. After gathering at Ferry's, they went to the half wheel games and dancing were enjoyed until a late hour.

Harvey Riley was accompanied by G. Ferriby returned to his home in Maple Creek, Sask., Saturday.

Mr. and Mrs. Albert Cador motored to Calgary Saturday.

Mr. and Mrs. Ferriby and family were dinner guests at the home of Mr. and Mrs. Gamble on Sunday.

A son was born to Mr. and Mrs. T. Pickett on Friday, Feb. 4th.

For the first time in many years, Saturday at the Town Hall is to be presented in the County Community Hall on Friday, March 4th, under the auspices of the County Girls' Club. A dance will follow this first act, play, so for a good night's entertainment keep the purse open. Watch for further particulars.

Firemen Hold Annual Meeting

The Bassano Volunteer Fire Brigade held their annual meeting on Saturday, February 5th, in the Town Hall, and a new slate of officers were elected to serve the coming term.

Dr. Barlow, retiring Fire Chief, reported that there had been no fire in Bassano during 1937 with the exception of minor chimney fires each year. Dr. Barlow, in 1932, tendered his resignation to the Brigade, because of his inability to respond to fire calls in case of fire due to his age. Mr. Al Macmillan, Vice-Chief, also handed in his resignation to the members. In the election of officers that followed, Mr. Tom Igerberg, a former Fire Chief, was made Chief, and Mr. Fred C. Smith, Vice-Chief.

The report from the Firemen's annual hall was read and a net profit of \$41.10 was realized, which of \$25.15 was used for local sunshining purposes.

\$25.00 of Benevolent Fund in lay of the year was turned over to the Red Cross in case of any accident to any of the Firemen while fighting fires. As yet there has been no need to draw from this fund.

The members of the Brigade wish to extend their deepest appreciation for the valuable work done by the retiring chief and vice-chief in the past.

Teachers Hold Organization Meeting

A number of teachers met at the home of Mrs. and Mrs. S. Currie last Saturday evening to form the Bassano Sub-Local of the E.L.D. It is expected that two more will be formed, one at Duchess and one at Brooks.

At the Bassano meeting, an outline of the sub-local constitution was read and the following officers elected:

President—Mr. John Atkin, Burn Brae;
Vice-President—Mr. Meers, Bassano;
Secy-Treas.—Mr. Ralph Allison, Hammarby;

Press Correspondent—Miss D. Shantz, Rosemary, District Association Councillor—Mr. Rae, Glen.

IN LOVING MEMORY

Love's tribute to the memory of a loving husband and father, Robert (Bob) S. S. Wright, who was called to rest February 10th, 1929.

"You could not say good-bye to us, for we could not clasp our hand, but God did take our love."

Sleep on, dear Dad, the world is o'er thy willing will toll no more. On earth there's strife, in Heaven there's rest.

Thou lovest you most, who loved you best.

Sadly missed by wife and children of Bassano.

New Course of Studies

Cause of Grave Concern

The Recorder prints for the information of those interested a letter recently received by Mr. Meers, Principal of the High School, from Inspector M. D. Sullivan, concerning credits to be given in Grade X. The letter for an in effect this grade is published herewith.

TO THE TEACHER AND PRINCIPAL RE: GRADE TEN CREDITS

On pages 9 and 10 of the High School Regulations, there is a list of subjects of the new Grade X. The list is headed "The name of each subject in the list is to be put in brackets, the number of credits given to each subject will have composed his high school course in three years, taking from Grade X to Grade XII inclusive, actually in the local school, pupils will be working for a maximum of 41 credits which would have allowed the student to take a maximum of 15 credits in certain subjects and unable to get necessary credits.

According to the ruling of the Inspector, which it must be presumed has been approved by the Department, the average high school teacher will teach for the Grade in question, a student graded as "A", can only get 30 credits at the most, Grade "B" approximately 26, "C" 22 credits 25, "D" 20 credits, and "E" 15 credits. For the Grade in question, a student graded as "A", can only get 30 credits at the most, Grade "B" approximately 26, "C" 22 credits 25, "D" 20 credits, and "E" 15 credits.

High schools in which an inspector is responsible for all the work of Grades X to XII are required to plan a four-year schedule for the work of Grades X to XII. In these schools a maximum of approximately 15 credits will be given to each student in each year. In the case of Grade X, a maximum of 15 credits will be given to each student in each year, in the case of Grade X, a maximum of four years and in some cases possible. It should be stated that in order to pass out of Grade X, a student must have a total of 30 credits from Grade X to Grade XII inclusive.

Apparently the Inspector has disregarded that the course which the Department prescribed, and which it anticipated would be covered in the maximum of four years, is not the average student for too many and incapable of being properly taught in the time available. You will see the necessity for the consideration of their ability to receive instruction in High School, in case of course, more credits through the enlargement of another teacher is made available, when it is presumed the Inspector would authorize a change in the number of students prevailing at your school. I shall expect you to give effect to my suggestion without delay.

Having regard to the above considerations you will see the necessity for the consideration of their ability to receive instruction in High School, in case of course, more credits through the enlargement of another teacher is made available, when it is presumed the Inspector would authorize a change in the number of students prevailing at your school. I shall expect you to give effect to my suggestion without delay.

Bassano Bows To Arrowwood

Playing under extreme weather conditions the Bassano men defied the time of 5:30 at the hands of the Arrowwood Cardinals at Arrowwood on Wednesday evening, Feb. 8th.

With the thermometer way below zero mark, the game got underway with the first period about even in territorial play. Both teams registered in this period.

At the start of the second period, however, began falling, and from this stage on the game developed into a clubbing match, it being almost impossible to carry the puck in the heavy snow. On several occasions the puck became lost, taking several seconds to find it again.

In the second, Gordon Smith scored for the Cardinals on a pass from W. Marquardt. Norton and McMasters scored one each for Arrowwood.

Still playing a game of hide and seek with the puck in the snow, Arrowwood scored twice in the third on a goal by Norton. The game was unable to cover. Neither side was pressing very hard this period, the weather continuing to get worse.

A return match between these two clubs will be played in Bassano on Wednesday, Feb. 14th.

LADIES PLAY FOR PRIZE

The Ladies Rinks have entered in local competition, the winner of which will receive a set of cups and moneys, donated by S. C. M. P. of the local R. C. M. P. The draw has been arranged, but no games have been played so far, due to the severity of the weather. Rinks taking part are skippered by Messes Riley, Thompson, Harper and Misses Scheer and Plumer.

suggestions without delay.

Recommendations: Grade X—

"A" Students—30 Credits maximum

"B" Students—26 Credits maximum

"C" Students—22 Credits maximum

"D" Students—15 Credits maximum

"E" Students—10 Credits maximum

David M. Sullivan,
Inspector of
High Schools.

At the beginning of last term when Grade X was organized, it was the instruction of the new Grade X. The list of subjects in the list was put in brackets, the number of credits given to each subject will have composed his high school course in three years, taking from Grade X to Grade XII inclusive, actually in the local school, pupils will be working for a maximum of 41 credits which would have allowed the student to take a maximum of 15 credits in certain subjects and unable to get necessary credits.

According to the ruling of the Inspector, which it must be presumed has been approved by the Department, the average high school teacher will teach for the Grade in question, a student graded as "A", can only get 30 credits at the most, Grade "B" approximately 26, "C" 22 credits 25, "D" 20 credits, and "E" 15 credits.

High schools in which an inspector is responsible for all the work of Grades X to XII are required to plan a four-year schedule for the work of Grades X to XII. In these schools a maximum of approximately 15 credits will be given to each student in each year. BASSANO RECORDER

Published every Thursday at the Office of the Bassano Recorder, in the Currie and Milroy Building, Bassano. Advertising rates furnished on application. NORMAN G. CARY Publisher.

AN EDUCATIONAL MESS

PREMIER ABERHART apparently could not spare the time to attend the convention of School Trustees in Calgary recently. It would also appear that he cannot be spending much of his time in administering the affairs of the Department of Education of which he is the head. At least that would appear to be the logical conclusion following the remarks of Grade 11 students as now in a wards education as a whole may be said to be pretty negative. Indeed it is hard to understand how he, in the midst of his constant electioneering campaign can do justice to the office which he assumed.

After spending more than one half of the school year in private schools, the students in Grade 11 in High Schools where there is only one teacher are suddenly confronted with the ruling of an Inspector that a four year schedule is required for the work of Grades X to XII inclusive, which formerly took three years. The Department added such a tremendous amount of additional work on the students (most of it futile) that it is not surprising that there is not sufficient instructional time available to enable the student to get reasonable instruction. It therefore adopts the very simple expedient of adding on another year to the students' High School life.

Apparently but little thought is given by these educational mugs to the cost to parents and taxpayers of this unnecessary spending of time and money for an additional year or two. In fact they have become so callous on the subject and so set in the pursuit of their objectives, that it is just about time that responsible bodies raised some protest on quite a few objectionable features of our educational system, not the least of which would be the domination of the Department by the A.T.A., the rising cost of education in Alberta, and a few policy inquiries into the business of text books and school supplies.

MINIMUM WAGES

THE FULL FORCE and effect of the provisions of the Provincial Minimum Wage legislation under "The Hours of Work Act" has only recently been brought to the attention of employers through the action of the Department in enforcing the statute. Admittedly no statute should be passed unless it is the intention of the powers that be to enforce it. But when it is discovered that by the very terms of the act the people it was designed to protect in effect become the actual sufferers, it is only reasonable to look for ways and means to lessen the blow which may be imposed on them by the operation of the act. Many young men and women in this and in other neighboring communities have been discharged by employers because the employer found out that, due to business conditions, it was impossible to pay the wages prescribed. In many cases the wages paid enabled the employee to keep off the relief lists, and in others provided additional money to the family income which enabled the family to maintain its pride and independence.

The Statute is a hard and fast one designed in every detail to prevent evasion and with this we have no quarrel, but we do submit that there ought to be a provision in the Act whereby, upon application for a variance, the employer could be allowed to postpone it from the standpoint of both employer and employee and upon being assured that no hardship will be worked, the Department ought to be allowed permission to grant for a limited period of time, concessions in such cases. We do not think this concession ought to be granted to the employer because in those cases the employer ought to be able to sustain his business and still assure that the minimum can be paid. It ought to be restricted in that sense, but it is entirely illogical when business cannot afford it, to say that the employer cannot engage, nor can the employee engage himself or herself when all the parties are willing and no hardships result. It is one of the Statutes which ought to be brought up for revision at the present session of the Legislature, and pressure ought to be brought to bear on the Government to lessen the rigidity of the Act.

UNPRECEDENTED INTERFERENCE

THE ACTION of Premier Aberhart in telegraphing Hon. Ernest Lapointe, Minister of Justice, asking him to grant full and complete remission of the sentences imposed on Messrs. Powell and Unwin is, we imagine, quite unprecedented in Canadian History. We trust in saying this that we shall not be guilty of what "Might" be termed Contempt of Court. We understand that no appeal process in any accepted sense of that term is pending, nor can any be had under the Canadian Constitution. The two men were tried in the regular manner before the Courts of this Province; they were each found guilty and sentenced by an able and experienced trial Judge; their cases were taken to appeal before the Appellate Court and argued by some of the most capable lawyers in the Province. That which they were found guilty of was reprehensible and often到了 extreme. It may have been thoughtless and it may have been thoughtless.

Perhaps, except for the ill-feeling which does undoubtedly exist in political circles today for reasons well known to all, it might have been passed by as just "another of those daily happenings" with greater credit to those maligned. That it was criminal and deserves to be condemned, and that being so, it is only right that these men should be punished for their own foolish actions just the same as any other ordinary citizens. That they belonged to the same party as the Premier and the Attorney General, or were his servants, would not in our opinion seem to justify the Premier from interfering in what he has done in the accepted course of justice.

Perhaps, especially speaking it would have been rather a pleasant gesture had the Minister of Justice seen fit to agree to Mr. Aberhart's request, for after all is said and done, it is hard to believe that these men actually believed all that they caused to be published in the now famous "Banker's Toadies" pamphlets, and it might have been far better had the whole affair been forgotten. The Government has agreed to Mr. Duggan's request for an investigation into the conduct of the two men, but it is altogether probable that that might have been the end of what is undoubtedly an unpleasant episode.

BASSANO RECORDER

THURSDAY, FEBRUARY 10, 1932

"O WAD SOME POWER THE GIFTIE GIE US TO SEE OURSELVES AS OTHERS SEE US."—Burns.

From Our Exchange Columns

THE WAR CLOUDS

A CONTEMPTUOUSLY tell us, that opposition critics of the Chamberlain government in Britain have condemned its "weak" foreign policy. Those who formerly deplored the fact that pacifists have now become most belligerent in their talk. Prime Minister Chamberlain has chosen to seek peace by all means in his power and at the same time to put Britain's navy, air force and army on a strong footing. At the same time his public utterances on foreign affairs have taken on a firmer tone and he and his ministers have warned that there is a limit to what Britain will stand.

IMPOTENCY OF THE LEAGUE

THE ASSERTION THAT the most powerful influence towards the preservation of peace these days is wielded by Great Britain and the United States is bare truth. The distinguished leaders of the democracies are dictating to the world, who are biding all their energies towards the creation of powerful armies and navies, and who openly and dishonorably trade on the fact that democratic nations will just now avoid conflict at almost any cost.

Much sympathy is due Mr. Chamberlain whose difficult but impossible task it is to actually divide the world into two camps of peace, against the almost unavoidable bellicose provocations of the ambitious arrogant leaders of the militaristic nations, and, at the same time, to preserve the honour and dignity of the great and peace-loving empire whose spokesman he is.

If the United States had seen its way to give unconditional support to the League of Nations, the world would have been very different. It is to act now to divide the world, and at no cost to that or any other country. International relations finally resolve themselves into a game of bluff. No combination of powers could successfully bluff the two great English-speaking nations acting in co-operation.

NEWSPAPER PROPAGANDA

Coleman Journal
A NEWSPAPER that is conducted merely for propaganda purposes usually is not successful from business standpoint, which is the reason that purely political newspapers have long since died a natural death. They have to be maintained by subsidies or other expedients, and are usually subsidized either by individuals or by a newspaper to continue in public service, free and untrammeled by party coercion or any other form of "ham-stringing" has to stand on its own basis to merit and business-like administration, be it a metropolitan daily or an Alberta weekly. The history of the newspaper world is strewn with wrecks of political propagandist "organs". One of the easiest and quickest ways for the uninitiated to lose money is to try running a newspaper.

UNITING WESTERN PROVINCES

THE SUGGESTION was made to the Rowell Commission a few weeks ago that the provinces of Manitoba, Saskatchewan and Alberta should be united under one government. It was intimated that such a move would mean a great saving in governmental expenditures. So far no great enthusiasm has been evinced for the idea. No statement has been presented demonstrating in facts and figures the amount of money which would be saved by uniting the three provinces of Manitoba, Saskatchewan and the Rocky Mountains, close to 1,000 miles east and west and more than half that distance north and south, would be a gigantic political entity. Even in Western Canada, where there is a similarity of enterprise to a greater degree than in most countries, there are divergencies of interest and conflict of ideas which would make it exceedingly difficult for one government to operate satisfactorily.—Hanna Herald.

THE EDMONTON BY-ELECTION

THE FEDERAL BY-ELECTION in East Edmonton in March will afford Mr. Aberhart another opportunity to prove that he has 95 per cent of the people of Alberta behind his economic theory. He has lost every provincial by-election held during the term of office, excepting that his political thermometer, according to his reading, has never registered less than 95 per cent of the votes in his favor. Our guess is that Mr. Aberhart's thermometer will register 95 per cent right up to the night the ballots are counted in East Edmonton, and we will have one of those odd cold smirks for which this fickle adorable province is famous and the prophets thermometer will read around 32 per cent.—Trochli Tribune.

GOVERNMENT'S PROPER COURSE

IF THE "Social Credit" government wishes to establish itself in the good graces of the public, it can do so only by frankly admitting that it is actually failed to implement its promises and then getting down to administer the affairs of the province in an orthodox manner and thus, take the first step in the right direction. It can seriously consider the special committee on unemployment. It can give ear to the resolutions passed by economic, political and social organizations to the end that true democracy shall continue in Alberta. It can, by doing these things, re-establish the credit not only of the government but the private citizens of Alberta, whether they care to admit it or not, are paying and paying heavily for Aberhartian experimentation.—Drumheller Plaindealer.

HEART BEATS

The incidence of heart disease is brought home to us with some frequency during our daily contact. More deaths occur from heart disease than from any other disease. Nevertheless the picture is not as black as this statement would suggest. There is one bright spot, namely that the incidence of heart disease in early life is decreasing.

The increase in heart disease after forty-five is due, in part, to the fact that more people are now reaching adult life as a result of our better control of the diseases of early life. After forty-five, however, begins to show signs of wear and tear. The heart is one of the first organs to show such changes, and heart disease in this case, is simply a wearing out of the organ.

Older persons, either those that

that due to actual old age, or to premature old age, is the cause of much suffering and of the cutting short of many lives. In order to prevent such ravages, we must consider the cause of the disease, because the hope of prevention lies in the prevention or control of the cause.

Heart disease may follow say of the ordinary communicable diseases of childhood, such as diphtheria, scarlet fever, measles, etc., but it is equally apt to occur after rheumatic fever, or even of the milder form. This means that if heart disease is to be avoided all such cases of illness, no matter how mild the attack, must be carefully watched for, and the patient is advised to go back to school or take part in games or active play, he should be given a thorough examination in order that the doctor may determine whether or not the heart is all right and that it is capable of meeting the demands of the body in its injury.

The periodic health examination is of great value in detecting the early signs of any heart trouble. The doctor will discover any infected teeth, tonsils or heart disease which may be the focus of trouble, in which the heart is involved and damaged. He will also bring to light any unsuspected which, if untreated, inadvisedly under chronic disease, such as syphilis, menses or any other disease, if the heart is damaged, the doctor will give advice on how to live so as to conserve the strength of the organ.

The correction of defects and the proper treatment of chronic infections will protect the heart from damage. The doctor will also advise the patient to take advantage of a medical check-up at regular intervals, in order that they may keep well and not find themselves stricken by a heart condition which could have been detected and, at least, kept under control through medical supervision.

ANY DAY A FISH DAY

Mrs. Fisher Suggests

FOR DINNER

CANADIAN FISH LOAF

Take two cans of Canadian Fish, "Mackerel," if desired—or a pound of canned fish, flake the fish, and add to it two cups of fine, soft, bread crumbs, two beaten eggs, three-quarters of a cup of milk, and a pinch of onion juice (or a finely minced onion), and a teaspoon of lemon juice. After mixing the ingredients well, place them in a greased pan, cover with a thin layer of bread crumbs, and bake for 30 minutes at 350 degrees F. for three-quarters of an hour or until the loaf is firm and browned. Any kind of Canadian fish may be used in making this loaf. If canned fish is used, the oil from the cans should be removed with the oil and ingredients and the fish crushed and left with the fish.

The fish—contain creamed and the oil contains vitamins. Creamed pea soup is also good to have with fish.

Canadian Fish loaves come from pure cold waters and they are caught and marketed by the fishing industry in accordance with the most approved methods. There's no fear more healthful, or more nourishing.

Show the provinces, districts, river drainages, cities, towns, main rivers, and principal lakes and islands. It is 35-inches by 36-inches in size and is suitable for ready reference for general information about Canada's 694,563 square miles of territory.

It is a valuable addition to the application of the principal or school board.

The SNAPSHOT GUILD

The Camera in the Kitchen

DO YOU ever carry your camera into the kitchen? Next time you want to take pictures indoors, and especially in the kitchen, consider the realm of stove, teakox and party. It's a happy hunting ground.

Almost everything in a kitchen is a picture opportunity. Teakox and the china and aluminumware are a mine of still-life possibilities, and there are opportunities galore for "effortless" pictures whenever a meal is being prepared.

The mixing of a cake can be a picture, if the big mixing bowl is a picture. If the mixing is done with two hands busy with a spoon in the creamy batter. Mother breathlessly testing the cake with a thermometer for "effortless" shot. There are pictures, general or close-up, when the cake is being iced. There is a splendid close-up in the kitchen when the sharp, gleaming long-bladed knife is going through the fluffy loaf.

A pile of onions, pots and pans may be a picture opportunity. If the photographer chooses a proper angle and works out a "dramatic" lighting.

China, well and prettily arranged in a dishpan, is a picture opportunity.

The dishpan, foamy with suds as two hands squeeze out the dishes above it, is a picture opportunity.

The kitchen is a picture opportunity and vegetables that can be worked into interesting "still-life" studies. A series of "fairy hand" pictures in the kitchen is a picture opportunity. A pot with a long curl of peal hanging, hand polluting silverware or drying glasses, hands turning over a row of onions or a griddle or lifting a waffle out of the front—does a photo

and one thing?

Picture-making in most kitchens is simple, because the room is usually

ARROWWOOD

Mr. and Mrs. J. Hough, have moved on the Mitchell farm west of town.

The W. A. of the United Church are holding a Valentine Tea on Saturday, Feb. 11th at the United Building.

The Arrowwood Hockey team journeyed to Moosleigh on Saturday evening and for the first time this season defeated the Moosleigh aggregation, the score being 7-4.

Mr. and Mrs. J. Hough, left for Calgary on Saturday morning. From there they intend going to the coast where they will make their future home.

The Arrowwood Knights gave a game to the Meadowbrook Knights on Saturday on Saturday, Feb. 11th, with a winning score of Arrowwood 3, Meadowbrook 2.

The Annual meeting of the Ratepayers Association of the village of Arrowwood was held on Saturday evening, Feb. 11th, in the Locke Building. A good crowd attended but what was lacking in numbers was made up in the interest of Village affairs. The financial Report was read and after considerable discussion a motion was carried that the Council proceed according to the Tax Recovery Act, and call a Tax Sale.

The possibility of another teacher being engaged to assist in the teaching of the school was considered by the local school board. This would bring the staff up to the requirements of the Educational Department.

From 8 p.m. to 9 p.m. the meeting was opened for the election of a new Councilor. At 9 p.m. the vacancy caused by the expiration of Mr. Leishman's term of office. Only two nominations were forthcoming. Mr. Lewenden was nominated by Mr. J. P. Bannister and H. A. McLean, and T. S. McLean nominated by C. McLean and R. Leonard. Mr. Board withdrew his name and Mr. Lewenden was declared elected for another two years.

Going each week-end from 12 noon Friday to 2 p.m. Sunday, except when no p.m. train Friday, ticket good a.m. trains

Local and Personal Notes

February 13th—Ladies' Aid Sale and Tea—everybody welcome.

Miss C. Wright spent the weekend at her home here.

Mr. Fred Thompson, who is attending school in Calgary, spent the weekend at the home of his parents.

Miss C. Lees spent the weekend in Calgary.

Miss D. Pragnell left on Friday for Edmonton. She has been visiting her parents for the past three weeks.

Mr. W. F. Macleish and daughter, Connie, were Calgary visitors on Monday.

Bob Harper returned to Calgary Sunday night after spending the weekend at his home here.

The sympathy of the many friends of the Rev. Father Morrow is extended to him in his recent bereavement.

Miss Jan Swanson of Brooks was a week-end visitor with Miss Connie Macleish.

Mr. W. Leitch and daughter Shirley, of Empire, Alta., are visiting Mr. and Mrs. Jack Summerhill this week.

Father Morrow was called to the scene to attend the funeral of his father on February 2nd, and will return towards the end of the month.

Mrs. A. G. Scott, Mrs. J. Johnston, and Mrs. E. P. Currie motored to Calgary with Mr. Currie last Friday. They returned on Monday night.

Mr. and Mrs. Macleish left for Drama Sunday night, where she addressed a meeting on Monday on the formation of a Ladies' Auxiliary.

On Sunday, Feb. 13th, mass will be celebrated in St. Columba Church at 11 o'clock. A supply is coming from Calgary due to the absence of Rev. Mr. Colwell.

Rev. Colwell returned to his position in the Three Hills branch of the Royal Bank of Canada on Sunday night after a short visit at the home of Mr. and Mrs. H. W. Harper.

Mr. Harvey Smith of Bassano, who has been a member of the Bassano for the past two weeks, spent the weekend with his family in town. He returned to Carlton to complete the work on the first of the week.

The Ladies Altar Society of St. Columba Church wish to thank their many guests for their patronage in the recent days.

Mr. and Mrs. McLean were entertained at the home of Mrs. J. Snape on Tuesday, Feb. 13th. A full attendance is requested.

A special meeting of the Bassano Women's Institute will be held at the home of Mrs. J. Snape on Tuesday, Feb. 13th. A full attendance is requested.
